

FSP10200

Street Workout, Parkour 289m²

Combining training equipment for Street Workout and Parkour with dedicated hangout areas, this is the perfect meeting point for young people. Having two of the same products next to each other creates the opportunity for beginners to copy the movements of experienced users, or challenge each other. This solution can easily be expanded with more playful KOMPAN products to enhance and build an even more dynamic and attractive space for teens.
